PROJECT EXPERIENCE
DEPTH INTERVIEWS
RECRUITMENT SCREENER

INTRODUCTION

Hello my name is..... and I work for a company called Rite Angle and we are doing some work for a research company called GfK NOP.

We are carrying out a research study on behalf of the Office for Disability Issues (ODI) which is a branch of Government who coordinate disability policy across all departments. We are exploring people's experiences, views and attitudes towards living with an illness, impairment or medical condition. The study is being carried out to help Government and other organisations to understand more about the people's experiences.

We are holding individual interviews around the country including here and I wondered if you might be interested in taking part in the research?

It would involve an interviewer coming to your house and spending 1 ½ hours talking to you. Any carers or assistants you wish to have with you at the time are most welcome.

As a token of our appreciation of your time you will receive a cash thank you of £35. The incentive is a gift and does not affect any benefit entitlements you may have and does not need to be declared to the Inland Revenue.

This research is being carried out on a strictly **confidential** and **anonymous** basis as set out by the Market Research Society Code of Conduct. This means that anything that you say during the interview will be treated confidentially, and that any comments you make will not be linked to your name. The ODI will not be given the names of the people who take part in this research.

This research is completely confidential.

Can I just ask you a few questions to see if you would be eligible to take part?

OCCUPATION/INDUSTRY EXCLUSIONS

ILLNESS, IMPAIRMENT & MEDICAL CONDITION QUESTIONS

Please reassure people: This questionnaire is designed to help us identify people to take part in the research. We want to make sure that we include a wide range of people in the research.

Q2 ASK ALL

Do you have any long-standing illnesses, impairments or medical conditions?

Prompt if necessary: 'Something you consider to be a disability'

By 'long-standing' I mean anything that has lasted for a period of at least 12 months or that is likely to affect you over a period of at least 12 months.

(1) Yes (*go to Q3*)

(2) No (*go to Q5*)

Q3 Does this long-standing illness, impairment or medical condition (do any of these long-standing illnesses, impairments or medical conditions) substantially limit¹ your normal day-to-day activities in any way?

(Normal day-to-day activities include everyday things like eating, washing, walking and going shopping)

(1) Yes- most of the time (*go to Q7a*)

(2) Yes- some of the time (*go to Q7a*)

(3) No (*go to Q4*)

Q4 Do you receive medication or treatment without which your day-to-day activities are limited?

(1) Yes (*Go to Q7a or close- a MAXIMUM OF 1 respondent who receives medication meaning they have no limitations on their daily life*)

(2) No (*close*)

Q5 Have you ever had a long-term (lasting for a period of 12 months or more) illness, impairment or medical condition?

(1) Yes (*Go to Q6*)

(2) No (*close*)

Q6 Did this long-standing illness, impairment or medical condition (did these long-standing illnesses, impairments or medical conditions, when taken singularly or together,) substantially limit your ability to carry out normal day-to-day activities?

(If you were receiving medication or treatment, please consider what the situation would have been without medication or treatment.)

- (1) Yes (Go to Q7a)
- (2) No (close)

¹ *'substantially limits' means limitations are neither minor nor trivial and that difficulties affect the **time taken to carry out an activity** and/ or the **way in which an activity is carried out**.*

Q7a Which of the following is or was the nature of your long-standing illness, impairment or medical condition that has substantially limited your normal day to day activities?

(Recruiter- use a show card to display the list below or read out where necessary. Please ensure you gather specific requirements for the interview on page 10/11.)

Dear Mr Smith,

Thank you for agreeing to take part in this research project, which we are conducting on behalf of the Office of Disability Issues about your experiences as a person with a long-standing illness, impairment of medical condition.

The Office of Disability Issues is a branch of the Government who coordinate disability policy across all departments.

This research will take place on **[date]** in your home in the form of a one to one interview with my colleague Michael Thompson and he will arrive at **[time]**.

This research is being conducted on a strictly **confidential** and **anonymous** basis as set out by the Market Research Society Code of Conduct. This means that anything that you say during the interview will be treated confidentially, and that any comments you make will not be linked to your name. The ODI will not be given the names of the people who take part in this research.

It is normal research practice for informal discussions to be audio taped for other members of the project team to listen to.

The interview will take 1 ½ hours and as a 'thank you' for your time and participation in the group discussion you will receive £35. The incentive is a gift and does not affect any benefit entitlements you may have and does not need to be declared to the Inland Revenue.

If for any reason you are unable to keep the above appointment or you have any further questions please do not hesitate to call Sarah (the person who recruited you) on 0207 111 XXX. If you are unable to call her, please email her on sarah@emailaddress.co.uk.

We only ask small numbers of people to attend these sessions so it is important to us that you let us know if you unable to attend so we can find try to find a replacement.

Yours sincerely,

Text from a pre-printed leaflet about Research generally:

(In addition to the invitation letter, below is a copy of the information the participant will be given to take away with them. They receive this from the recruiter on the spot once they have been recruited.)

THANK YOU FOR TAKING PART IN THIS RESEARCH

This leaflet has been designed to tell you a little bit about Market Research and the Market Research Society of which Rite Angle is a member.

What is research anyway?

All sorts of organisations want to know what the general public thinks, from government and political parties through to retailers and companies who provide a product or service. They will use the information to guide their policies, product development and services. The job of the interviewer is to find out, using research such as the interview you will participate in, what people really want.

Why me?

As it is not possible to include everyone, we have to ask a range of people of all ages and types.

Why do we want personal details like your name, address and telephone number, especially if it's going to be confidential?

For two reasons:

- Firstly we need to make sure we have people from all the relevant age groups, locations etc, and we can only find this out by asking.
- Secondly, as we need to validate interviews in the interest of our clients, it is possible that someone will contact you by phone, letter or in person to check that your interview was conducted properly.

What protection do I have?

The following specific measures are designed to protect you and others:

- The Data Protection Act – All information gathered by us is covered by this Act. It can only be used for statistical or

research purposes, you will never receive sales calls or direct mail as a result of giving us your name and details.

- The IID Card – Carried by most legitimate researchers. If you wish to validate the authenticity of this interview please **call FREE on 0500 39 69 99** and ask for the Market Research Society, or call Rite Angle direct on 020 7107 XXXX.
